Trucks delivered

YTD May 2004 / YTD May 2005

TOTAL : 31,675 = + 10%

Mature Market Development Strategy

Example : France

- Focus on profitability rather than market share
- Grow business by developing the service offer
" For each new product launch, a new service launch "

Growth Market Development Strategy

Example : Poland

- Network development with local entrepreneurs for private dealers :
→ In 2005, 4 new dealerships will have opened, for a total private investment of 10 MEUR
- Network development by exporting best practice : French dealer opened 2 dealerships in Poland since 2003

	<u>N° OF PARTNERS IN POLAND</u>	<u>2003</u>	<u>F2005</u>	<u>F2007/9</u>
⇒ Authorised Repairers	+	14	18	20
Service points		12	8	10
⇒ Authorised Distributors		14	13	15

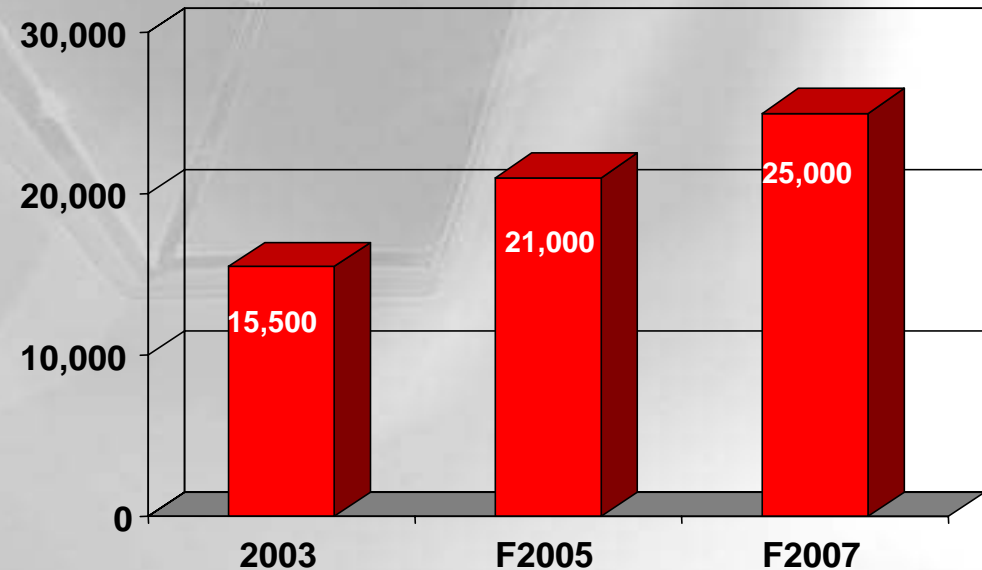

Growth Market Development Strategy

Example : Poland

- Building more population also with used trucks sales

Total Renault Trucks population evolution :
(new and used trucks)

Renault Magnum

Renewed 2005

NEW RENAULT MAGNUM : **the true benchmark**

Benefiting from Group Synergies and
Reinforcing Renault Trucks Brand Identity

New :

- DXi 12 engine
- Optidrive gearbox
- Optibrake
- Optifuel

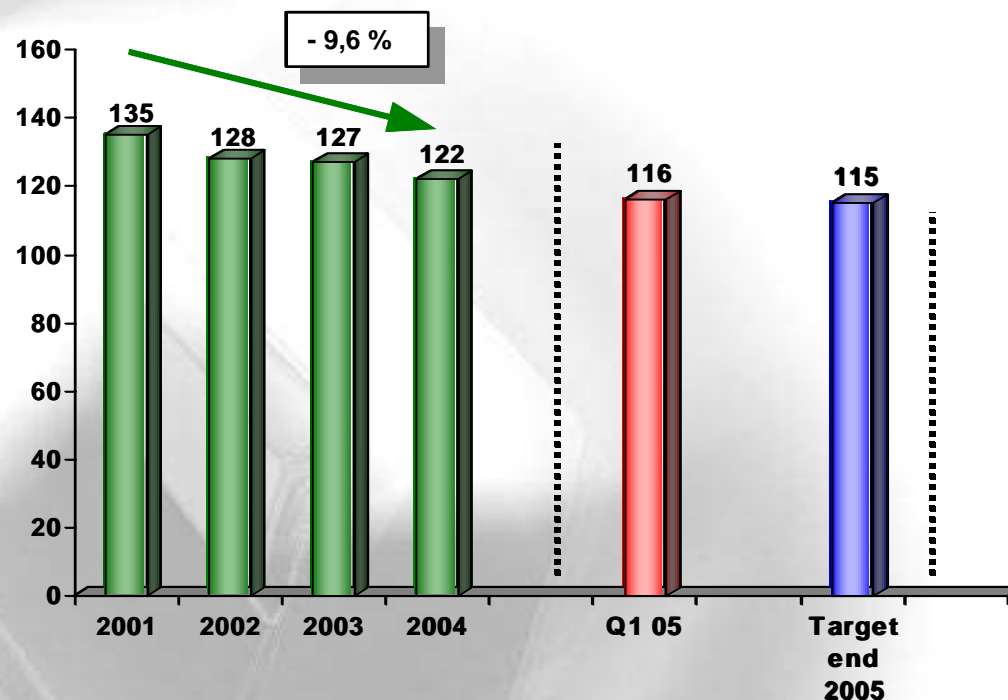

Committed to customer success

MAGNUM

Industrial Productivity

Continuous improvements boosted by the new products

- Man hours per trucks and cabs :

- Product/process co-development of new products enables big jumps in productivity :
 - At SOP, assembly time of a New Magnum is 1h less than previous model
- The complete renewal of the range will strongly increase overall productivity
